

Fishbone Sustainable Beverage Carriers

FISHBONE
BY ATLANTIC PACKAGING

fishbone.com

◆ Plastic-Free, Recyclable Carrier

Curbside recyclable paperboard carriers that use less material than a full cardboard carton and contain no plastic that can pollute our environment.

◆ Equipment Options

Equipment options range from manual machines for small breweries to 2,000 can per minute machines for high speed lines. Equipment costs can be leased, purchased or amortized into the material.

◆ Printing & Branding

Custom, high quality printing to showcase your product. Billboarding space is ideal for marketing your brand and featuring promotions and seasonal campaigns.

◆ Service & Maintenance

The comprehensive Fishbone program from Atlantic features the technical service you need for installation, training, maintenance, and optimization.

FEATURES & BENEFITS

- 100% Curbside Recyclable
- Less Material, Less Waste
- Custom Printing
- Water-Based Barrier Coating for Moisture Resistance
- Branding & Promotional Opportunities
- Equipment Options
- Tech Service & Maintenance
- Ideal for Craft Breweries

Plastic pollution is the biggest and most pervasive problem harming our ocean environment. **You can make a difference.**
